

GEORGE JERON M

+91-7604917204 — georgejeron59@gmail.com — [LinkedIn](#) — [GitHub](#)

Summary

Computer Science Engineering graduate with strong fundamentals in programming, data structures, and full-stack development. Hands-on experience through internships and real-world projects in building scalable web applications using the MERN stack. Proficient in developing responsive user interfaces with React.js and integrating backend services. Quick learner with strong problem-solving abilities, adaptability, and a passion for delivering efficient and reliable software solutions.

Skills

- **Programming Languages:** JavaScript, Python, C
- **Frontend:** React.js, HTML5, CSS3, Tailwind CSS, Material UI
- **Backend:** Node.js, Express.js, REST APIs
- **Databases:** MongoDB, MySQL
- **Tools & Platforms:** Git, GitHub, VS Code, Firebase
- **Core Concepts:** Data Structures & Algorithms, OOPs, DBMS
- **Soft Skills:** Problem Solving, Adaptability, Quick Learning, Team Collaboration, Prompt Engineering

Experience

10xScale.AI

Hyderabad

Software Developer

- Developed dynamic and responsive user interfaces using React.js.
- Built scalable frontend features focusing on performance and usability.
- Implemented state management using Redux and Context API.
- Integrated REST APIs to build real-time, data-driven applications.
- Contributed to browser extension development including UI, scripts, and API handling.
- Improved code maintainability through reusable components and modular design.

ICANio

Tamil Nadu

React.js Intern

- Built responsive and interactive UI components using React.js.
- Worked with Material UI for consistent and modern design systems.
- Gained hands-on experience in real-world frontend development practices.

Corizo

Bangalore

Full Stack Intern (virtual)

- Developed full-stack applications using Node.js, Express.js, and JavaScript.
- Built responsive web interfaces using HTML, CSS, and Bootstrap.
- Strengthened understanding of backend integration and real-world workflows.

Projects

Smart Sync – Urban Complaint Management System

Node.js, Express, MongoDB, Twilio API

- Developed a platform for inter-departmental complaint management and tracking.
- Implemented secure user authentication using JWT and bcrypt.
- Integrated Twilio OTP verification for enhanced login security.
- Built complaint registration with status tracking and file upload support.
- Designed scalable backend APIs and efficient database handling.

E-Commerce Web Application

MongoDB, Express.js, React.js, Node.js (MERN Stack)

- Developed a complete e-commerce platform with authentication and admin dashboard.
- Implemented product management, cart system, and end-to-end order flow.
- Used React hooks and state management via Redux and Context API.

Voting Application for Student Council

JavaScript, PHP

- Designed and developed a full voting platform from scratch, deployed and used in real elections at Providence College for Women – Connor.
- Implemented secure voting logic, candidate management, and live vote count display.
- Ensured data integrity and prevented duplicate votes through session-based controls.

Library Management System with Alerts

PHP, JavaScript, Twilio API

- Built a system to manage book issue and return operations.
- Integrated SMS alerts for due date reminders using Twilio API.

Open Source

FlexUI – React Component Registry

- Developed 150+ reusable UI components using React and shadcn/ui.
- Designed a one-command installation system for faster integration.
- Supports Next.js and Vite environments.
- **Live:** flex-ui-wine.vercel.app **GitHub:** [Repository Link](#)

Education

Jayaraj Annapackiam CSI College of Engineering	2021 – 2025
Bachelor of Engineering in Computer Science	CGPA: 8.21

SSN Govt Hr Sec School	2021
Higher Secondary Education	89%

SSN Govt Hr Sec School	2019
Secondary Education	88%

Achievements

- Top 5 Finalist – FAER Hackathon
- NMMS Scholarship Holder (2017)
- TRUST Exam Qualified (2018)
- NTSE Participant (2019)
- Brand Ambassador for Naan Muthalvan & Secretary – CSI Chapter, JACSI College
